

Functions and Features

- Truly ALL-IN-ONE design, integrating 10.1" touch screen, printer, customer display, MSR, RFID, SMART card, GPRS, WIFI, Bluetooth, Micro SD, 1-button etc, meeting all commercial demands
- Arm 13 processor of high performance and low consumption, ensuring a stable, efficient and safe system operation.
- High quality capacitive touch screen, which provides superb user experience
- Diversified ports, including Ethernet, 4*USB, 2*RS232, cash drawer.
- Battery supported, avoiding data loss and safe interrupt caused by sudden power blackout.
- 2" auto-cutter printer with fast printing speed of 150mm/s
- Fan-less design ensuring quiet operation and modularized hardware design ensuring easy maintenance.
- Adjustable angle for customer display
- Standard VESA mounting (100*100mm)

Specification

| | |
|------------------|--|
| Model name | AO4X |
| Processor | ARM 13 1GHZ |
| SDRAM | 512MB |
| Flash ROM | 512MB |
| Power Supply | DC 13.8V 2.5A |
| OS compatibility | Windows CE / Linux / Android |
| Display | Operator display: 10.1" TFT color LCD (1280*800) Customer display: 6.5" 132 dots LCD/ 32*144 dots LCD |
| Touch Panel | Capacitive / 5 Wire Resistive / Infrared |
| Serial Port | 2 external port; 1 inner BT or GPRS module |
| LAN Port | 10M/100M |
| USB Port | 4*USB2.0, 1*mini USB(OTG) |
| VGA Port | N/A |
| Cash drawer port | 1*RS11 |
| TV OUT | N/A |
| SD Card | 1*SD Card |
| Printer | 2"thermal printer(auto cutter) print speed: 150mm/s |
| MSR | 3 tracks magnetic reader |
| RFID | mifare reader module |
| Smart Card | contact IC card |
| Button | optional |
| Wireless LAN | 802.11 b/g |
| GPRS | quad-band |
| Battery | 7.4V 3Ah |
| Others | Dimension: 297mm(L)*270mm(W)*135mm(H) Weight: 0.8KG |

AO4X series
ALL-IN-ONE ARM POS

AO4X
Leading the next generation of POS terminals

Operating System

Win CE

Android

Linux

Multiple POS Applications Featuring
Retail / Hospitality / Fashion / QSR / Fast food / Grocery
